Getting to Know Tableau for Data Visualization

LATEST SUBMISSION GRADE

100%

1. Which of the following are sections on the Tableau welcome screen? (Select all that apply.)

1 / 1 point

☒ Discover

✓ **Correct**

The 3 sections of the Welcome screen are Connect, Open, and Discover.

☒ Connect

✓ **Correct**

The 3 sections of the Welcome screen are Connect, Open, and Discover.

☒ Open

✓ **Correct**

The 3 sections of the Welcome screen are Connect, Open, and Discover.

☐ Publish

2. Versions of Tableau are forwards-compatible, but they are not backwards-compatible.

1 / 1 point

☐ True

☒ False

✓ **Correct**

Versions of Tableau are backwards-compatible, but not forwards. In other words, you can open up older workbooks in newer versions, but you can't open up newer workbooks in older versions.

3. What kinds of things can you do in the Discover section of the Welcome screen? (Select all that apply.)

1 / 1 point

☐ Create a new data connection

☒ Find how-to videos

✓ **Correct**

You can see a short list of how-to videos in the Discover section.

☒ Find the "up or down" status of Tableau systems

✓ **Correct**

You can find a link to the status of Tableau systems in the Discover section.

4. Which of the following are data connection options in the Connect section of the Welcome screen? (Select all that apply.)

1 / 1 point

☒ CSV files

✓ **Correct**

Excel workbooks, CSV files, and JSON files are all available data connection options in Tableau Public.

☒ Excel workbooks

Correct

Excel workbooks, CSV files, and JSON files are all available data connection options in Tableau Public.

☒ JSON files

Correct

Excel workbooks, CSV files, and JSON files are all available data connection options in Tableau Public.

☐ Action Matrix

5. When sitting in the Worksheet screen, what does clicking on the Tableau logo do?

1 / 1 point

- ☐ Takes you to the Tableau website
- ☒ Takes you back to the Welcome screen

Correct

Clicking the Tableau Logo from the Worksheet screen takes you back to the Welcome screen. Clicking the logo on the Welcome screen will take you back to the Worksheet screen.

6. What does a green pill mean?

1 / 1 point

- ☐ Discrete data
- ☒ Continuous data

Correct

A green pill means your data is continuous, meaning that it can take on any value.

7. Which axis does the Rows shelf control?

1 / 1 point

- ☐ X-axis
- ☒ Y-axis

Correct

The Rows shelf controls information which is to be stored vertically, so it is synonymous with the y-axis.

8. Which objects can be added to a dashboard? (Select all that apply.)

1 / 1 point

☒ An image

Correct

A blank box, an image, and a worksheet can all be added to a dashboard.

☒ A worksheet

Correct

A blank box, an image, and a worksheet can all be added to a dashboard.

☐ An MP3 file from your computer

☒ A blank box

Correct

A blank box, an image, and a worksheet can all be added to a dashboard.

9. Select the objects which can be added to a dashboard (Select all that apply.)

1 / 1 point

- ☐ A folder / directory
- ☐ An application
- ☒ A text box

✓ **Correct**

Text boxes and web pages can be added to a dashboard.

✓ A web page

✓ **Correct**

Text boxes and web pages can be added to a dashboard.

10. You cannot rename a column when importing data into Tableau.

1 / 1 point

☐ True

☒ False

✓ **Correct**

You can rename a column by right-clicking and selecting "Rename" either at the time of data import, or even after you're imported.
